 Junior College for 11 years
- ★ International and State Awards  
 C.O.A.I. & T.C.A.

*"Working as a Photographer at the New York Daily News, and having traveled to areas of world conflict and disaster, I found Danny's spirit and heart uplifting. I was privileged to photograph him as he changed into his character, "Lanky the Clown" where he then performed shows for the children of Kabul. In stifling heat and makeshift performance areas, Danny never complained...He is the consummate professional."*
